Peace Commission.

The Government of India have promulgated an Ordinance dealing with the legislation of hostile firms and the property of hostile persons which brings the legislation on this matter into line accord with the present state of the English law. The British Trading with the Enemy Amendment Act of 1914 enables action to be taken in the case of firms whose business, by reason of enemy ownership or association, is carried on wholly or mainly for the benefit of enemy subjects. It also gives power to the Board of Trade to designate persons or transactions, a power which, it is believed, has, hitherto, remained unused, been very sparingly exercised. It also enables a temporary restraining order to be made against those with the assistance of the Controller, who may act in the British authorities, to buy any enemy shares, debentures, depositing the price so paid with the Controller. The Ordinance follows the English Act closely, with such modifications as local circumstances require. It will enable Government to ward up hostile businesses such as the issue of the Indian Companies and Industries Act, the distribution of assets as realized being subject to special rules. The legislation will have power to give a good title to purchasers of the goods of hostile businesses and to the immovable property held by them. The new provisions represent a considerable advance from that hitherto adopted, in that the Institute for legislation will come from the legislature and will not be left, hitherto, with the law itself. It will also enable hostile businesses dealt with to be completely reorganised, thereby preventing any chance of their recovering from a state of suspended animation and bringing business after the conclusion of peace. An additional provision contained in the Ordinance relates to the property of hostile persons or associations not engaged in trade. The Hostile Persons (Trading) Order provided no provision for dealing with non-trading persons or associations.

Draft rules under section 24 (1) (iii) of the Medical Medical Registration Act IV of 1914.

[*Note*.—In these rules the word *Plumber* shall mean a *Plumber* as defined in the Code of Civil Procedure.]

Section 1.

Preliminary provisions.

Whereas information is received that a medical practitioner who is an approver for registration, or whose name has already been registered, has been guilty of conduct which would justify consideration of his name for removal from the register, and in a professional respect, the Registrar shall make an enquiry of such information.

2. Where the information is questioned in the nature of a complaint by a person or body charging a medical practitioner with disrepute or conduct in a professional respect, such complaint shall be made in writing addressed to the Registrar, and shall state the grounds of accusation and shall be accompanied by one or more declarations as to the facts of the case.

3. Every declaration must state the description and true place of abode of the declarant, and where the facts stated in a declaration are not within the personal knowledge of the declarant, the source of the information and grounds for the belief of the declarant in its truth must be accurately and fully stated.

4. (1) The abstract and, where a complaint has been lodged, the complaint, and all other documents bearing on the case, shall be submitted by the Registrar to the President, who may, if he thinks fit, instruct the Registrar to furnish the medical practitioner concerned with a copy of the complaint and other documents and issue him by return of a registered letter to submit any explanation he may have to offer. The documents, including any explanation submitted by the practitioner to the Registrar, shall then be placed before the Council.

The Council may then—

- (a) order that all further proceedings be stopped;
- (b) appoint a Committee to consider the matter and submit a report to the Council as to whether proceedings should be instituted under section 14 or section 16 of the Act; or
- (c) direct that a regular inquiry be held by the Council or a Committee thereof appointed under section 17 (1) of the Act.

A Committee appointed to make a preliminary inquiry shall have power to cause further investigations to be made and further evidence to be taken and to take any legal advice or procure any legal assistance it may think necessary. The Committee shall report to the Council.

(2) If the Council resolves that the case is one in which an inquiry under section 12 or 16 of the Act ought to be held, the President shall direct the Registrar to take steps for the institution of an inquiry and for having the case heard and determined by the Council.

CHAPTER II.

5. The Council or Committee thereof appointed under section 17 (1) of the Act shall observe in inquiries held by them the procedure laid down in the following rules.

6. When the charge is brought by a complainant, they shall require the complainant to be referred to writing and verified by the oath or solemn affirmation of the complainant. The articles of charge and a list of documents and witnesses by which such charge is to be sustained shall then be prepared and the Registrar shall send a notice in writing on behalf of the Council addressed to the medical practitioner concerned. Such notice shall be accompanied by a copy of the articles of charge and list of witnesses and documents referred to above and shall inform the medical practitioner concerned of the day on which, and hour at which the Council or Committee intend to deal with the case and shall call upon him to attend before the Council or Committee on that day and hour. The notice shall be in the form appended to these rules, with such variations or circumstances as may require. It shall be served on the medical practitioner seven clear days before the beginning of the inquiry, and shall, be accompanied by a copy of sections 12, 15 and 17 of the Act and of the rules in regard to the procedure for conducting any inquiry referred to in those sections. Service of the notice may be made either by delivery to the medical practitioner in person or by registered letter addressed to his usual residence.

7. In every case in which the Council resolves that an inquiry shall be instituted and notice of inquiry is issued accordingly, the complainant (if any) and the medical practitioner concerned shall, upon request in writing signed by the party or his pleader, be entitled to be supplied by the Registrar with a copy of any declaration, explanation, answer or other document given or sent to the Council by or on behalf of the other party, which such other party will be entitled to proper proof to use at the hearing as evidence in support of, or in answer to, the charge specified in the notice of inquiry.

8. Any answer, evidence, or statement forwarded, or application made by the medical practitioner between the date of the issue of the notice and the day named for the hearing of the charge, shall be dealt with by the President in such manner as he shall think fit.

9. Copies of all material documents which are laid before the Council or Committee as evidence in regard to the case shall be made and furnished to each member of the Council or Committee as the case may be before the hearing of the case.

10. At the hearing of the case by the Council or Committee the complainant and also the medical practitioner concerned may, if they so desire, be represented or assisted by pleaders.

11. When the complainant appears personally or by pleader the order of procedure shall be as follows:—

(1) The complainant shall exhibit the articles of charge to the Council or Committee, which shall be openly read.

(2) The medical practitioner concerned shall then be called upon to plead "guilty" or "not guilty" to each of them, which plea shall forthwith be recorded with the articles of charge. If the medical practitioner refuses or without reasonable cause neglects to appear to answer the charge either personally or by pleader he shall be taken to admit the truth of the articles of charge.

(3) The complainant may then adduce the Council or Committee in explanation of the articles of charge and of the evidence by which they are proved.

(4) The oral and documentary evidence shall then be adduced. The witnesses shall be examined by or on behalf of the complainant and may be cross-examined by or on behalf of the medical practitioner concerned. The complainant shall then be entitled to re-examine the witnesses at any point on which they have been cross-examined. No questions should be asked in re-examination as to any new matter without leave of the Council. The Council or Committee may put such questions as they think fit.

(2) If, before the close of the case for the complainant, it shall appear necessary, the Council or Committee may, in their discretion, allow the complainant to exhibit evidence not included in the list furnished to the medical practitioner concerned or may themselves call for new evidence, and in such case the medical practitioner shall be entitled to have, if he demands it, an adjournment of the proceedings for three clear days before the exhibition of such new evidence, exclusive of the day of adjournment and of the day to which the proceedings are adjourned.

(3) When the case for the complainant is closed, the medical practitioner concerned shall be required to make his defence, orally or in writing, as he shall prefer. If made in writing, it shall be signed and, and a copy shall be given at the same time to the complainant.

(4) The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross-examination and re-examination and to examination by the Council or Committee as the case may be, as the witnesses for the complainant.

(5) The Council or Committee or some person appointed by them shall take notes in English of all the oral evidence, which shall be read aloud to each witness by whom the same was given, and if necessary explained to him in the language in which it was given, and shall be recorded with the proceedings.

(6) If the medical practitioner concerned makes only an oral defence and exhibits no evidence, the inquiry shall end with his defence. If he regards a written defence or exhibits evidence, the complainant shall be entitled to a general oral reply on the whole case, and may also exhibit evidence to contradict any evidence exhibited for the defence, in which case the medical practitioner concerned shall be entitled to a further adjournment of the proceedings, although such new evidence was not included in the list furnished to him.

(7) When the Council or Committee shall be of opinion that the articles of charge, or any of them, are not proved with sufficient clearness and precision, the Council or Committee may, in their discretion, require the same to be amended, and may thereupon, on the application of the complainant to the medical practitioner concerned, adjourn the inquiry for such time as they may consider reasonable. The Council or Committee may also, if they think fit, adjourn the inquiry from time to time, on the application of either the complainant or the medical practitioner concerned, on the ground of sickness or unavoidable absence of any witness or such other cause as they may consider reasonable. When such application is made and refused, the Council or Committee shall record the application and their reasons for refusing to comply with it.

12. When there is no complaint, or no complaint appears, the proceedings shall begin by the Registrar reading in the Council the notice of inquiry addressed to the medical practitioner concerned and the articles of charge and stating the evidence by which the articles of charge are supported.

The medical practitioner shall then be called upon to plead "guilty" or "not guilty." The further proceedings shall be conducted in substantial accordance with the procedure laid down in rule 11 above.

13. The Council or Committee may, at their discretion, hold the inquiry in secret.

14. (1) Upon the conclusion of the case the Council or Committee will deliberate thereon in private, and at the conclusion of the deliberations the Council or the Committee shall vote on the question whether the articles of charge are proved or not and whether they show that the medical practitioner concerned has been guilty of infirmities amounting to a professional neglect or not.

(2) If the Council or Committee by a majority find the medical practitioner guilty of infirmities amounting to a professional neglect, the President shall direct the Registrar to register his name if he be an applicant for registration, or to erase his name altogether or for a specified period from the register of medical practitioners if he is already a registered practitioner.

15. When the registration of the name of any medical practitioner is refused or when the name of any registered medical practitioner is removed from the register in accordance with the provisions of the preceding rules, the Registrar shall forthwith send notice of such refusal or removal to the medical practitioner concerned, and such notice shall be sent by a registered letter addressed to his last known address. The Registrar shall also send forthwith intimation of any such refusal or removal to the body or bodies from whom the medical practitioner received his qualification or qualifications and shall request them not to attach him to any examination for any new qualification which is registrable in the register of registered practitioners without previous reference to the Council.

(4) The Inspector may require such person to produce any documents in his custody or power in any way relating to such business or to the persons by whom it is or was carried on or controlled.

(5) If any person refuses to answer any question or to produce any document, which the Inspector is empowered to ask or require production of, such person shall be punishable with imprisonment which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Power to prohibit or restrict trading. 4. (1) The Governor General in Council may make an order either—

4. Where it appears to the Governor General in Council that a contract entered into before or during the war, or a transfer of property, movable or immovable, made during the war, with or by a hostile foreigner or a hostile firm, is repugnant to the public interest, or was made with the object of evading any provision of the law, the Governor General in Council may by order cause or determine such contract, either unconditionally or upon such conditions as he thinks fit, or declare such transfer to be void either in whole or in part, or may impose such conditions on the transaction as he thinks fit.

NOTIFICATION.

Calcutta, July 5, 1918.

It is proposed to issue the following rules for the distribution and registering of water supply in the Eastern and Western Divisions of the Kinta canal system.

Notice is hereby given that the said rules will be taken into consideration on or after the 15th September 1918.

Any objection or suggestion that may be received from any person before the aforesaid date will receive due consideration.

RULES FOR THE DISTRIBUTION AND REGISTRATION OF WATER SUPPLY IN THE EASTERN AND WESTERN DIVISIONS OF THE KINTA CANAL SYSTEM.

Water Charge System.

Part I—Canals.

1. On the opening of the canals, Sub-divisional Officers will see that the lock weirs are fully opened and the water passed down to the tail reaches, and that the canals are supplied from the lower reaches upwards. This will take probably from 10 to 15 days.

2. Head lock.—In the early part of the irrigation season, that is, previous to the 15th June as a rule, water will be supplied from the head lock and gates open. As the water will be low, arrangements for the supply of water to the head lock and gates open will be made by allowing suitable water in the canals. This is done will be done by the Sub-divisional Officer under the general supervision of the Executive Engineer.

3. *Transplantation.*—Water will not ordinarily be supplied for transplantations until after the 15th of June, but every allotment will be made to supply water for transplantations as soon as it can be made available. Spots requiring heavy soilings from banks, etc., will do so at their own risk.

As soon as full supply is received in the main canal, the water provided for its use shall always be conserved and used well, as far as possible, to supply the water for transplantations to all the plots. The maximum and ordinary full supply during the land season of distribution will be determined by the Sub-divisional Officer under the general supervision of the Executive Engineer and, when approved by the Executive Engineer, must not be closed without his specific sanction in writing. These limits will be marked in rear of distributory head sluices. In particular cases where new sluice heads are being brought under cultivation, an extra supply may be allowed under the written orders of the Executive Engineer.

4. No spots or plots will be permitted in the main head except in cases of extreme urgency and then only with the written sanction of the Executive Engineer.

5. No bulging water drawn from any canal will be permitted.

6. The Executive Engineer will regulate the supply at the canal heads and at such other points as he deems fit. The Sub-divisional Officer will regulate the supply in the canals and distributaries in their respective charges under the general supervision of the Executive Engineer. It will be the duty of each Sub-divisional Officer to telephone to the Executive Engineer when the supply is insufficient or when, owing to heavy rains, low heads are being submerged and to keep him constantly informed regarding the state of the canal.

Part II.—Distribution.

7. The general aim in regulation should be the distribution of the available supply in different channels, without preference, in proportion to the areas irrigated. In cases where distribution is run on leased terms, a proportionate supply will be passed in through the channel head, which must be distributed to the lands by natural rates. At the beginning of the season, no dam plugs or cross-heads will be allowed in such channels until maximum capacity supply can be passed into the main canal. The course to be observed at such dam or cross head must be fixed by the Sub-divisional Officer and under the approval of the Executive Engineer in writing. Copies of the list of sanctioned dams must be in the hands of each officer either side of the mouth of such village irrigated by such channels. No departure from the terms will be permitted without the sanction of the Executive Engineer in writing.

8. It will be the duty of every village moult and revenue officer to assist the Public Works Department in preventing unauthorized dams and open race in channels and in bringing notes such irregularities.

9. Prior to the 15th June, Sub-divisional officers may allow cross-heads for watering meadows and garden lands in distribution, but it must be clearly understood that such heads must be removed by the 15th June.

Part III.—General.

10. Notwithstanding anything in the foregoing rules, the Executive Engineer has full power temporarily to suspend or modify any or all of the above rules with or without reasons given and submit such action as he may deem necessary for the safety of the dams and in the interests of the irrigation.

11. *Sanctioning of any material change in the course of any canal or in the mode of distribution and the reasons which render such change necessary.* The Executive Engineer will inform the Collector of any material change in course to make, or in the mode of irrigation he already made, in the method of distribution and the reasons which render such change necessary.

Part IV.—Regulations.

12. *Approved and pipe registers.*—Each Sub-Officer will be furnished with a list of sanctioned plots and their spread registered in the distributaries after his charge. No deviation from the use and position of these plots will be allowed except under the written sanction of the Executive Engineer. The sanctioned plot list must be produced by the Sub-Officer whenever required by an inspecting officer. The Sub-Officer will also be supplied with a list showing the name of dam and cross-heads for these channels which are still run in natural form—see Rule 1.

13. The village moult of each village irrigated by the system will be supplied by the Sub-divisional Officer with a list showing all sanctioned plots and their spread registered in a list of terms allowed in all dams and cross-heads of the distributaries channels in his village limits. Any change made will be notified in the district gazette. These lists will be open for inspection by all revenue inspectors.

14. *Inspection book.*—Each Sub-Officer will maintain an inspection book, which will be supplied to him not less than three days before the expiration of each month for use during the following month, in which he will enter the gauge readings and the height to which sluices are raised for every month, lock up, surge, and outlet within the radius of each water charge. This book must be shown to the Executive Engineer and Sub-divisional Officer during their inspection and will make a point of setting down the readings and the height to which sluices are raised of all sluices and outlets that come under their inspection and compare them with the figures recorded in the Sub-Officer's inspection book. Surveys visits should also be made and a constant check of the amount of water going through each sluice thus maintained. The inspection book will be treated in the same manner as a measurement book and will be the primary document used in the daily supply process down each distributary channel. As much care must be taken in maintaining the check-up the book as is done in the case of a measurement book. The Sub-Officer will, as soon as the month is over, return the old book to the Sub-divisional Officer. No delay should be allowed in doing so, and the Sub-divisional Officer must insist on the books being submitted in their places not later than the third of the month following that in which the inspection book falls. The Sub-divisional Officer will fill in the entries under discharge and forward the book to the Executive Engineer with any remarks he may have to make.

[PART, 2 contd.]

SALE, ARKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 6, dated 14th July 1916.

NOTICE OF SALE OF ARKARI PROVISIONS.

Notice is hereby given that the number of firms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1915 and ending 30th September 1917 and the local limits appointed for these will be notified by Collectors in their District Gazette, and that the percentage of sale therein will be put up in public notice on the doors of the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II The districts in which independent toddy shops and arakki houses, respectively, will be sold are specified below:—

Independent toddy shops.

Throughout the Presidency including the European Settlement and including the Nilgiris district and the Wynad taluk and the Arakki valley in the Malabar district and the Agency tracts.

Arakki firms.

The Arakki valley.

A separate notification will be issued regarding operations under the ten-tax system. Collectors will issue orders regarding the mode where special system is in force.

III. A deposit must be made by each bidder previous to bidding and will be recovered by the selling officer on the day of sale. A deposit of Rs. 50 will continuously be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of firms Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 10 in the case of bidders for firms of an aggregate monthly rental of not more than Rs. 200 and to Rs. 10 in the case of bidders for single small firms. In the Wynad district, the selling officer may, where he finds it necessary, require a deposit of Rs. 50 only from bidders for toddy shops. In the North Canara District, the selling officers may at their discretion reduce the deposit to Rs. 5 for shops whose average monthly rental does not exceed Rs. 5.

IV. The shops or firms will be put up in auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upon proof will be filed in the documents of the Collector. The reserve price placed by Government on the shops or firms will not be published, but the average of the previous five years' rentals will be notified by the Collector, where possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power of attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by Criminal Court or has previously been guilty of such a breach of the regulations of license or of a contract under the Public Act as to render him unsuitable as a holder of a license or on the ground that he is convicted or is present arrangements to the detriment of Government interests as for any other valid reason. He may also refuse any bid which

II Ser-1

be not smaller to be purely speculative, after recording his reasons for doing so. Village officers* will not be allowed to bid for, or to have any direct interest in shares by the sale of tobacco.

VII. The shares and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless raised by the Board of Revenue for special reasons, and will be necessary whether the sale is held by the Collector himself or by any officer appointed by him.

VIII. In case of deposit the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken, and the shares or farms remain at the disposal of the Government.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. At the auction proceeds, each person whose bid is accepted shall at once, if so prepared by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent (in villages in the District made under clause III) for each share or farm taken the rental deposit made or exceeds two months' rent. He shall be free to do so, the deposit made by him under clause III will be forfeited and the farm or share will be put up again immediately by the selling officer or the share withdrawn or otherwise disposed of by the Collector and the bidder will be delivered from holding again for the same or for any other farm or share.

X. Persons to whom farms and shares have been knocked down and who have made deposits as provided in clause III and IX shall also deposit such further sum as with the former deposit will make up two months' rent (to be paid within two days from the date of commencement of the Collector's sale) and shall without unnecessary delay execute the necessary engagements and acceptances of the bid and shall without unnecessary delay execute the necessary engagements and acceptances of the bid and shall without unnecessary delay execute the necessary engagements and acceptances of the bid. In the case of the purchaser's default a fine shall not be less than the value of the share or farm. Should the rental deposit exceed two months' rent, the same will be refunded when the purchaser is required to deposit twice that sum under clause XI or XII.

XI. If an enquiry is instituted to take the purchaser to be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum provided in clause X or to get a surety or sureties to execute a security bond for the due payment of all moneys payable by him under the terms of the contract. The bond shall be stamped (Article 54, Schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 5000.

XII. On the failure of any person to make deposit under clause X or to comply with the provisions under clause XI or XII or in default of engagements and take out license as aforesaid, the deposits already made shall be forfeited and the share or farm shall under the orders of the District Officer on the date pointed by the Collector or otherwise disposed of by the latter officer.

XIII. Deposits effected under clause XII will be at the risk of the contracting bidder, who will forfeit all claim, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the same sale. In the latter case the forfeited deposits will be deducted from the sum arising from the sale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an amount of land revenue. Should, however, the forfeited deposits be greater than the loss by reason, the whole of such deposits will be credited to Government. The contracting bidder will be entirely liable if the proceeds are disposed of otherwise than by resale and such deposits made in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the provisions prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, in the case may be, will be taken as security for the due performance of the conditions of the license. If the Articles I and the license agree, it may be realized for under the last instalments of the bids payable by the bidder.
